

CB GLOBAL TRADING PORTFOLIO (USD)

Report June 2025

Strategy description

The CB Global Trading Portfolio seeks to deliver stable returns of Libor + 3-5% per year with low correlation to equity and fixed income markets, providing an attractive diversification to traditional portfolios. The certificate invests in liquid alternative investment funds managed by seasoned managers primarily within macro trading strategies. Those strategies include Global Macro and CTA/Managed Futures, are actively managed through discretionary or systematic investment processes and are predominantly directional across asset classes. The overall strategy allocation results in a liquid portfolio diversified across substrategies, investment styles, asset classes, regions and time horizons, without any long or short bias. Investors can subscribe to the certificate at mid-month or at the end of each month with 1 day notice and redeem from the certificate with 15 days' notice. The returns in the table below are net of all fees.
